LIST OF PUBLICATIONS

INTRODUCTION

The Commonwealth Bureau of Census and Statistics, Canberra, and the Offices of the Deputy Commonwealth Statistician in each State provide a comprehensive statistical service. Each Office issues a series of publications and in addition provides information in response to individual requests. Publications of the Bureau in Canberra may be classified broadly under three headings

- (a) Census
- (b) General
- (c) Reports and Bulletins

Census Publications have been issued in respect of each Commonwealth Census taken, namely, 1911, 1921, 1933, 1947 and 1954 Censuses. Details of publications relating to earlier Censuses are available on request, and those issued to-date in respect of the 1954 Census are listed on Page 3.

General Publications include Statistics on all major topics. They are in the main, printed publications which give a general picture of the subject dealt with. They are obtainable as indicated on Page 9.

Reports and Bulletins deal mainly with individual topics and are of two kinds — firstly Reports issued annually containing detailed analysis of the main statistics collected, and secondly, supplementary information issued from time to time in mimeographed form, bringing the statistics up to date by reducing the time lag between compilation and publication. An alphabetical list of these publications,

grouped under principal subjects and cross indexed to afford easy reference is incorporated herein. Bulletins giving results of special statistical "Censuses" and Surveys are included in this section. Where such reports are issued at irregular intervals the last issue only is shown.

Copies of the publications for which prices are shown in this List are obtainable by purchase direct from the Government Printer, Canberra, The Offices of the Deputy Commonwealth Statistician; the Commonwealth Sub-Treasury in each capital city, or they may be ordered through the leading booksellers in the principal cities of Australia. A limited number of copies of these publications is available from the Commonwealth Statistician for distribution free of charge to members of Parliament, Commonwealth and State Government Departments, public bodies and publicists, etc.

The prices quoted include postage within the British Commonwealth — prices for foreign countries are in some instances slightly higher.
